I. BACKGROUND

A. The United States of America (“United States”), on behalf of the Administrator of the United States Environmental Protection Agency (“EPA”), filed a complaint in this matter pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9607, seeking reimbursement of response costs incurred or to be incurred for response actions taken at or in connection with the release or threatened release of hazardous substances at the Onondaga Lake Superfund Site located in the City of Syracuse and in the Towns of Salina, Geddes, and Camillus, Onondaga County, New York.

B. In response to the release or threatened release of hazardous substances at or from the Site, EPA undertook response actions at the Site pursuant to Section 104 of CERCLA, 42 U.S.C. § 9604, and may undertake additional response actions in the future.

C. In performing response actions at the Site, EPA has incurred response costs and may incur additional response costs in the future.

D. The United States alleges that the defendant (“Settling Defendant” or “Honeywell”) is a responsible party pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), and is jointly and severally liable for response costs incurred and to be incurred at the Site.

E. The Settling Parties that have entered into this decree (“Consent Decree”) do not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint.

F. Settling Defendant has asserted that it has a cost recovery and/or contribution counterclaim based on alleged federal agency liability at the Site. Those federal agencies identified in Paragraph 3 (“Settling Federal Agencies”) do not admit any liability arising out of

the transactions or occurrences that may be alleged in any counterclaim asserted by Settling Defendant.

G. The Other Settling Parties (as listed in Appendix A) have made payments to Honeywell for Settling Defendant's Response Costs at the Site under prior settlements with Honeywell. In exchange, Honeywell indemnified such parties for certain claims relating to remediation and restoration at the Lake Bottom Subsite.

H. The United States and Settling Parties agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the parties to this Consent Decree ("Parties") in good faith, that settlement of this matter without further litigation and without the admission or adjudication of any issue of fact or law is appropriate and will avoid prolonged and complicated litigation among the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Consent Decree, it is ORDERED, ADJUDGED, AND DECREED:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345 and Section 107 and 113(b) of CERCLA, 42 U.S.C. §§ 9607 and 9613(b), and also has personal jurisdiction over the Settling Parties. Solely for the purposes of this Consent Decree and the underlying complaint, the Settling Parties waive all objections and defenses that they may have to jurisdiction of the Court or to venue in this District. The Settling Parties shall not challenge entry or the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

c. The Parties to this Consent Decree recognize and acknowledge that the payment obligations of Settling Federal Agencies under this Consent Decree can only be paid from appropriated funds legally available for such purpose. Nothing in this Consent Decree shall be interpreted or construed as a commitment or requirement that any Settling Federal Agency obligate or pay funds in contravention of the Anti-Deficiency Act, 31 U.S.C. § 1341, or any other applicable provision of law.

VI. FAILURE TO COMPLY WITH CONSENT DECREE

9. Interest on Late Payments. If Settling Defendant fails to make any payment under Paragraph 4 (Payment by Settling Defendant for Past Response Costs) by the required due date, Interest shall accrue on the unpaid balance, starting on the due date, through the date of payment.

All penalties shall begin to accrue on the day after payment is due and shall continue to accrue through the date of payment. Nothing in this Consent Decree shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

11. If the United States brings an action to enforce this Consent Decree, Settling Defendant shall reimburse the United States for all costs of such action, including but not limited to costs of attorney time.

12. Payments made under this Section shall be in addition to any other remedies or sanctions available to Plaintiff by virtue of Settling Defendant's failure to comply with the requirements of this Consent Decree.

13. Notwithstanding any other provision of this Section VI, the United States may, in its unreviewable discretion, waive payment of any portion of the stipulated penalties that have accrued pursuant to this Consent Decree. These covenants are conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree. These covenants extend only to the Settling Parties and any Other Settling Parties added through the process set forth in Paragraphs 43 and 44 of this Consent Decree and do not extend to any other person.

Settling Defendant covenants not to sue and agrees not to assert any claims or causes of action against the United States, or its contractors or employees (to the extent acting in their capacity as contractors or employees of the United States respectively), with respect to Past Response Costs, Lake Bottom Past Response Costs, Settling Defendant's Response Costs, Natural Resource Damages, and this Consent Decree, including but not limited to:

a. any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

b. any claim arising out of the response actions at the Site for which the Past Response Costs, Lake Bottom Past Response Costs, or Settling Defendant's Response Costs were incurred, including any claim under the United States Constitution, the Constitution of the State of New York, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, or at common law; or

19. Notwithstanding the covenants set forth in Paragraph 18 (Covenants by Settling Defendant), and notwithstanding any other provision of this Consent Decree, Settling Defendant reserves, and this Consent Decree is without prejudice to, all rights against the United States with respect to liability for any response costs or damages:

a. that are (i) incurred at or in connection with the Site after the Effective Date, (ii) resulting from contaminants not included in the Onondaga Lake Bottom Subsite Record of Decision (July 2005), and (iii) that were discharged or released from Hancock Field; or

b. that are incurred by Settling Defendant after the Effective Date at Hancock Field itself.

20. Covenants by Other Settling Parties. Other Settling Parties covenant not to sue and agree not to assert any claims or causes of action against the United States, or its contractors or employees (to the extent acting in their capacity as contractors or employees of the United States respectively), with respect to Past Response Costs, Lake Bottom Past Response Costs, Settling Defendant's Response Costs, Other Settling Party Lake Bottom Response Costs, Other Settling Party Lake Bottom Natural Resource Damages, and this Consent Decree, including but not limited to:

These covenants do not preclude demand for reimbursement from the Superfund of costs incurred by a Settling Federal Agency in the performance of its duties (other than pursuant to this Consent Decree) as lead or support agency under the NCP.

22. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

23. Claims Against De Micromis Parties. Honeywell agrees not to assert any claims and agrees to waive all claims or causes of action (including but not limited to claims or causes of action under Sections 107(a) and 113 of CERCLA) that it may have for all matters relating to the Site against any person where the person's liability to Honeywell with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site, if all or part of the disposal, treatment, or transport occurred before April 1, 2001, and the total amount of material containing hazardous substances contributed by such person to the Site was less than 110 gallons of liquid materials or 200 pounds of solid materials.

24. Claims Against De Micromis Parties. 25. The waivers under Paragraphs 23 and 24 shall not apply with respect to any defense, claim, or cause of action that Honeywell or the Other Settling Parties may have against any person meeting the above criteria if such person asserts a claim or cause of action against Honeywell relating to the Site or against Other Settling Parties relating to the Lake Bottom Subsite. This waiver also shall not apply to any claim or cause of action against any person meeting the above criteria if EPA determines:

a. that such person has failed to comply with any EPA information request or administrative subpoena issued pursuant to Section 104(e) or 122(e) of CERCLA, 42 U.S.C. § 9604(e) or 9622(e), or Section 3007 of RCRA, 42 U.S.C. § 6927, or has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the Site, or has been convicted of a criminal violation for the conduct

to which this waiver would apply and that conviction has not been vitiated on appeal or otherwise; or

b. that the materials containing hazardous substances contributed to the Site by such person have contributed significantly, or could contribute significantly, either individually or in the aggregate, to the cost of the response action or natural resource restoration at the Site.

X. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

26. Except as otherwise provided herein in Paragraphs 23 and 24 nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Section IX (Covenants by Settling Parties and Settling Federal Agencies), each of the Parties expressly reserves any and all rights (including, but not limited to, pursuant to Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action that each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any persons other than a Party hereto. Nothing in this Consent Decree diminishes the right of the United States, pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. § 9613(f)(2) and (3), to pursue a non-Party to obtain additional response costs or enjoin response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2).

27. The Parties agree, and by entering this Consent Decree this Court finds, that this Consent Decree constitutes a judicially-approved settlement pursuant to which Settling Parties and Settling Federal Agencies have, as of the Effective Date, resolved liability to the United States within the meaning of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and that Settling Parties and each Settling Federal Agency is entitled, as of the Effective Date, to

protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), or as may be otherwise provided by law, for the “matters addressed” in this Consent Decree. With respect to Settling Defendant, the “matters addressed” in this Consent Decree are Past Response Costs. With respect to Other Settling Parties, the “matters addressed” in this Consent Decree are Lake Bottom Past Response Costs and Past Response Costs not attributable to a particular operable unit. With respect to the Settling Federal Agencies, the “matters addressed” in this Consent Decree are all response costs incurred or to be incurred at or in connection with the Site except for those response costs incurred or to be incurred at or in connection with Operable Unit 25, identified as the Lower Ley Creek Subsite of the Onondaga Lake Superfund Site.

28. The Parties further agree, and by entering this Consent Decree this Court finds, that the Complaint filed by the United States in this action is a civil action within the meaning of Section 113(f)(1) of CERCLA, 42 U.S.C. § 9613(f)(1), and that this Consent Decree constitutes a judicially-approved settlement pursuant to which each Settling Party and each Settling Federal Agency has, as of the Effective Date, resolved liability to the United States within the meaning of Section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B).

29. Settling Parties shall, with respect to any suit or claim brought by them for matters related to this Consent Decree, notify EPA and DOJ in writing no later than sixty (60) Days prior to the initiation of such suit or claim. Settling Parties also shall, with respect to any suit or claim brought against them for matters related to this Consent Decree, notify EPA and DOJ in writing within ten (10) Days after service of the complaint or claim upon that Settling Party. In addition, each Settling Party shall notify EPA and DOJ within ten (10) Days after

service or receipt of any Motion for Summary Judgment, and within ten (10) Days after receipt of any order from a court setting a case for trial, for matters related to this Consent Decree.

30. In any subsequent administrative or judicial proceeding initiated by the United States against, inter alia, Settling Parties for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Parties shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenants by Plaintiff set forth in Paragraphs 14 and 15 of this Consent Decree.

XI. ACCESS TO INFORMATION

31. Settling Defendant shall provide to EPA, upon request, copies of all records, reports, documents, and other information, including records, reports, documents, and other information in electronic form (hereinafter referred to as “Records”), within its possession or control or that of its contractors or agents relating to activities at the Site, including, but not limited to, sampling, analysis, chain of custody records, manifests, trucking logs, receipts, reports, sample traffic routing, correspondence, or other documents or information regarding the Site.

32. Privileged and Protected Claims.

a. Settling Defendant may assert that all or part of a Record is privileged or protected as provided under federal law, provided it complies with Paragraph 32.b, and except as provided in Paragraph 32.c.

b. If Settling Defendant asserts a claim of privilege or protection, it shall provide Plaintiff with the following information regarding such Record: its title; its date; the name, title, affiliation (e.g., company or firm), and address of the author, of each addressee, and of each recipient; a description of the Record's contents; and the privilege or protection asserted. If a claim of privilege or protection applies only to a portion of a Record, Settling Defendant shall provide the Record to Plaintiff in redacted form to mask the privileged or protected information only. Settling Defendant shall retain all Records that it claims to be privileged or protected until the United States has had a reasonable opportunity to dispute the privilege or protection claim and any such dispute has been resolved in the Settling Defendant's favor.

c. Settling Defendant may make no claim of privilege or protection regarding:

(1) any data regarding the Site, including but not limited to all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, radiological, or engineering data, or the portion of any other Record that evidences conditions at or around the Site; or

(2) the portion of any Record that Settling Defendant is required to create or generate pursuant to this Consent Decree.

33. Business Confidential Claims. Settling Defendant may assert that all or part of a Record submitted to Plaintiff under this Section or Section XII (Retention of Records) is business confidential to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. 2.203(b). Settling Defendant shall segregate and clearly identify all Records or parts thereof submitted under this Consent Decree for which

Settling Defendant asserts a business confidentiality claim. Records submitted to EPA determined to be confidential by EPA will be accorded the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies Records when they are submitted to EPA, or if EPA has notified Settling Defendant that it has determined that the Records are not confidential under the standards of Section 104(e)(7) of CERCLA or 40 C.F.R. Part 2 Subpart B, and Settling Defendant has not contested such determination, the public may be given access to such Records without further notice to Settling Defendant.

34. Notwithstanding any provision of this Consent Decree, the United States retains all of its information gathering and inspection authorities and rights, including enforcement actions related thereto, under CERCLA, RCRA, and any other applicable statutes or regulations.

XII. RETENTION OF RECORDS

35. Until six (6) years after the Effective Date, Settling Defendant shall preserve and retain all non-identical copies of Records now in its possession or control, or that come into its possession or control, that relate in any manner to its liability under CERCLA with respect to the Site. Each of the above record retention requirements shall apply regardless of any corporate retention policy to the contrary.

36. At the conclusion of the six (6) year record retention period, Settling Defendant shall notify EPA and DOJ at least ninety (90) days prior to the destruction of any such Records, and, upon request by EPA or DOJ, and except as provided in Paragraph 32 (Privileged and Protected Claims), Settling Defendant shall deliver any such Records to EPA.

37. Settling Defendant certifies that, to the best of its knowledge and belief, after thorough inquiry, it has not altered, mutilated, discarded, destroyed or otherwise disposed of any Records (other than identical copies) relating to its potential liability regarding the Site since

notification of potential liability by the United States or the State regarding the Site and that it has fully complied with any and all EPA and State requests for information regarding the Site pursuant to Sections 104(e) and 122(e)(3)(B) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e)(3)(B), Section 3007 of RCRA, 42 U.S.C. § 6927, and state law.

38. The United States acknowledges that each Settling Federal Agency (1) is subject to all applicable Federal record retention laws, regulations, and policies; and (2) has certified that it has fully complied with any and all EPA and State requests for information regarding the Site pursuant to Sections 104(e) and 122(e)(3)(B) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e)(3)(B), Section 3007 of RCRA, 42 U.S.C. § 6927, and state law.
