I. INTRODUCTION

A. The United States of America, on behalf of the United States Department of Commerce’s National Oceanic and Atmospheric Administration (“NOAA”) and the United States Department of the Interior (“DOI”) through the United States Fish and Wildlife Service (“FWS”) and the National Park Service (“NPS”), jointly with the State of Texas (“State”), appearing through the Office of the Texas Attorney General, on behalf of the Texas General Land Office (“TGLO”), the Texas Commission on Environmental Quality (“TCEQ”), and the Texas Parks and Wildlife Department (“TPWD”), have filed a Complaint against Kirby Inland Marine, LP (“Kirby” or “Settling Defendant”) in this Court alleging that Kirby is liable to the United States and the State under Section 1002(a) and (b)(2)(A) of the Oil Pollution Act of 1990 (“OPA”), 33 U.S.C. § 2702(a) and (b)(2)(A), for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, resulting from the discharge of oil from Kirby’s tank barge into the Houston Ship Channel in March 2014.

B. The Complaint alleges that on March 22, 2014, oil was discharged from one of Kirby’s 300-foot oil barges during a collision with a 585-foot, deep-draft bulk cargo ship, the *M/V Summer Wind*, near the Texas City Y (“TCY”) crossing in the Houston Ship Channel. The bow of the cargo ship cut through the hull of one of Kirby’s barges and ruptured the barge’s storage tanks. Oil discharged from the barge into the waterway and polluted parts of the Ship Channel, Galveston Bay, the Gulf of Mexico, and the Texas coastline. Kirby, the Coast Guard, and the State were involved in the extensive response and cleanup efforts. These events are referred to as the “Incident.”

C. The Complaint further alleges that the oil discharge caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the State.

D. The Trustees for the Natural Resources alleged to be injured by the Incident include the Secretary of the Department of Commerce, through NOAA, and the Secretary of the Department of the Interior, through FWS and NPS, on behalf of the United States, and TGLO, TCEQ, and TPWD, on behalf of the State (collectively “Trustees”). The federal trustees are authorized to act pursuant to Section 1006(b)(2) of OPA, 33 U.S.C. § 2706(b)(2), Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) (40 C.F.R. §§ 300.600, *et seq.*) and Executive Order 12580 (3 C.F.R., 1987 Comp. p. 193, 52 Fed. Reg. 2923 (January 23, 1987) as amended by Executive Order 12777 (56 Fed. Reg. 54757 (October 19, 1991)). TGLO, TCEQ, and TPWD are designated as trustees by the Governor of Texas pursuant to Section 1006(b)(3) of OPA, 33 U.S.C. § 2706(b)(3), and subpart G of the NCP. Under these authorities, each trustee acts on behalf of the public to seek damages for the injury to, destruction of, or loss of Natural Resources resulting from the discharge of oil into the environment. The United States and the State are coordinating injury assessment and Restoration efforts.

E. Following the Incident, the Trustees and Kirby entered into a Memorandum of Agreement to conduct a cooperative Natural Resources Damage Assessment. The Trustees and Kirby worked collaboratively to, among other things, identify information necessary to evaluate the potential impacts from the Incident to Natural Resources (focusing primarily on injuries to shoreline, birds, marine mammals, and human use) and identify potential actions to restore affected Natural Resources. As part of that cooperative process, Kirby has been timely reimbursing the Trustees for their past assessment and restoration planning costs.

F. Based on the Trustees' work to assess the injuries in this case and experience with restoration efforts throughout the region, the Trustees believe the amount to be paid by the Settling Defendant as set forth in this Consent Decree constitutes adequate and reasonable compensation for Natural Resource Damages arising from the Incident.

G. Kirby neither admits nor denies the allegations in the Complaint and does not admit liability to the Plaintiffs arising out of the transactions or occurrences alleged in the Complaint.

H. Kirby previously paid the oil spill removal costs for the Incident billed by the Coast Guard and the State. Kirby resolved Clean Water Act civil penalty claims of the United States by payment of civil penalties in Case No. 3:16-cv-269 (S.D. Tex.). Kirby previously paid administrative penalties assessed against it by the Texas General Land Office under the Texas Oil Spill Prevention and Response Act, TGLO Agreed Order for Spill No. 2014-0881 (effective March 26, 2015).

I. The Parties agree, and the Court, by entering this Consent Decree, finds that this Consent Decree has been negotiated by the Parties in good faith, that it is intended to avoid potentially prolonged and complicated litigation among the Parties and expedite natural resource Restoration actions to be performed by the Trustees, and that it is fair, reasonable, in the public interest, and consistent with the purposes of OPA.

THEREFORE, with the consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED AND DECREED as follows:

II. JURISDICTION AND VENUE

1. This Court has jurisdiction over the subject matter of this action pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. §§ 1331 and 1345. Venue lies in

21. Special Reservations Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, the United States and the State reserve the right to institute proceedings against the Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages based on:

In addition, nothing in this Consent Decree shall limit, enlarge, or otherwise affect, the private rights or claims of any person not a Party to this Consent Decree, except as may be determined otherwise by a court of competent jurisdiction.

26. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, penalties, costs, damages, criminal liability, or other relief relating to the Incident, the Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon a contention that the claims raised by the United States or the State in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved pursuant to Paragraph 19.

XI. COSTS

27. The Plaintiffs shall be entitled to collect from the Settling Defendant the costs (including reasonable attorneys' fees) incurred in any action necessary to collect any portion of

the amounts due under Section VI (Payments by the Settling Defendant), or any stipulated damages due but not paid under Section VII (Stipulated Damages).
